PULL TO THE RIGHT

When You Hear A Siren Or Air Horn While Driving In:

INTERSECTIONS

If you are STOPPED at the intersection:

- Look to see where the emergency vehicle is approaching.
- If the emergency vehicle is behind you safely pull to the right.
- If the emergency vehicle is approaching from the front or side streets, remain stopped until they pass.

If you are APPROACHING the intersection:

- Safely pull to the right.
- Stop before entering intersection.
- DO NOT stop in the middle of the intersection.

CONGESTED AREAS

- Slow down.
- Turn your radio volume down.
- Check your mirrors frequently.
- Stay focused and anticipate the emergency vehicle.
- DO NOT enter an intersection until it is clear.

Do's and Don'ts When Yielding To Emergency Vehicles

DO

1. Stay calm.
2. Move as far to the right as possible and stop.
3. If you can't move to the right because of an obstacle, just stop.
4. Drivers should stay at least 300 feet behind emergency vehicles using lights and sirens.

DON'T

1. Don't pull to the left in the center lane or left turn lane.
2. Don't try to beat the light or turn before the emergency vehicle gets there.
3. Don't drive through a red light or stop sign when an emergency vehicle approaches from behind.
4. Don't disregard the presence of the emergency vehicle by continuing to drive.
